Text: An Introduction to Categorical Data Analysis, 2<sup>nd</sup> Edition  
By Alan Agresti

Homework: Homework problems will be assigned and collected. The final point total on homework will be scaled to a maximum of 100 points toward the final grade after dropping your lowest homework score. Homework is designed to help the student understand the material and prepare for the exams. Homework should be submitted in class on the day it is due.

Exams: There will be 3 exams given during the semester, each worth 100 points. The exams will be given during the Thursday two-hour class time on February 4, March 17, and April 14. There is no final exam for this course. Make-up exams will be given only when prior permission is obtained to miss the exam given in class.

Grading: The final grade will be based on the total number of points earned out of 400.  
The standard grading scale will be used.

368 -400	A	312-319	C+
360-367	A-	288 -311	C
352 - 359	B+	240-271	D
328 - 351	B		
320-327	B-	Below 240	E
