

STA 6166 (13645)

Summer A 2022

Statistical Methods in Research I

MTWRF 11:00-12:15 in FLO 100

Instructor: Demetris Athienitis

E-mail: athienit@ufl.edu

Teaching Assistant: Yu Zheng

E-mail: zheng.yu@ufl.edu

Course Website: [e-Learning](#)

Lectures: In-person and synchronous on Zoom.

Course Material: Material/Slides will be provided in course website.

Course Communication:

- Discussion forum (Microsoft Teams).
- Office hours (posted under “Pages” in Canvas).
- E-mail for questions regarding course policies. (Ensure that **STA 6166** is in the subject line. Failure to do so may result in a non-response.)

Required Text(s):

1. *An Introduction to Statistical Methods and Data Analysis, 7th Edition*
Author(s): R. Lyman Ott, Michael T. Longnecker; **ISBN-13:** 9780495017585
2. *The Book of R*
Author(s): Tilman M. Davies; **ISBN-13:** 978-1593276515

Course Description: Introduce basic data analysis tools and to train graduate students in statistical tools associated with hypothesis testing and linear models. The aim is to promote sound scientific research and experimentation based on good statistical thinking and practice. Class notes will be posted online.

Prerequisite(s): STA 2023 or equivalent

Credit Hours: 3

Software: We will be using the statistical software R.

Course Goals and Objectives:

1. Access, manipulate and analyse data using statistical software.
2. Produce appropriate graphs and descriptive statistics for one and two variables, for both categorical and quantitative data.
3. Interpret graphs and descriptive statistics for one and two variables.
4. Know and apply the basic probability rules, the concepts of expected value and variance for discrete and continuous variables.
5. Know and apply the Central Limit Theorem, which is crucial for inference.
6. Understand confidence intervals and hypothesis tests.
7. Carry out and interpret one-sample and two-sample analyses for means and proportions.
8. Carry out and interpret statistical modeling using multiple regression and analysis of variance.

Course Policies

The instructor reserves the right to update any parts of this syllabus as necessary.
Students will promptly be notified of any changes.

Demeanor

All members of the class are expected to follow rules of common courtesy in all classroom discussions, email messages, threaded discussion and chats. Please refer to [expected class netiquette](#).

Assignments

- All **deadlines (excluding exams) are at 23:59** of the due/end date. These are *hard deadlines* meaning that any open or ongoing assignments will automatically be submitted at the deadline. No late assignments will be accepted under any circumstances.
- Students are expected to work independently, unless otherwise specified in writing. **Offering and accepting** solutions from others is an act of **plagiarism**, which is a serious offense and **all involved parties will be penalized according to the UF Student Honor and Conduct Code**. Discussion amongst students is encouraged, but when in doubt, direct your questions to the instructor.
- Students are expected to **show and explain their work** where necessary.
- All electronically **submitted work must be as one merged file**. In Canvas, all uploaded files automatically get a grade of 0, until the teaching assistant grades them.
- Feedback will be provided within two business days from the assignment deadline.

Under each module in e-Learning,

- **Projects** that are based on (primarily) textbook exercises.
- **Quizzes** that are *closed notes and timed* and range from conceptual to applied. Only 1 attempt.

- **R assignments** that are similar to (secondary) textbook exercises.

All deadlines are posted on e-learning. **Assignments are automatically submitted at deadline even if in progress.**

Exams

There will be three (3) **IN-CLASS** exams that may comprise of multiple choice questions ($\approx 20\%$) and some open-ended questions ($\approx 80\%$). Exams will tend to emphasise more on conceptual questions compared to other assignments.

Allowed material:

- Provided with exam formula sheet(s). Can be viewed ahead of time on class website.
- Scientific/Graphing Calculator. No cell phones allowed.

Important dates:

Exam #1	May 25th
Exam #2	June 6th
Exam #3	June 17th

Grading

Grade distribution:

Exams 1, 2 and 3	60%	(15% lowest, 20% second best, 25% best)
HW	15%	
Quizzes	15%	(lowest quiz dropped)
R assignments	10%	
<hr/>		
Total	100%	
Extra Credit	0-1%	(class and discussion forum participation)

Final grade and can be calculated using:

$$\begin{aligned}
 \text{Final} &= 0.15(\text{lowest exam}) + 0.20(\text{second best exam}) + 0.25(\text{best exam}) \\
 &+ 0.20 \left(\frac{\sum \text{HW}}{330} \times 100 \right) \\
 &+ 0.20 \left(\frac{\sum \text{quizzes} - 2 \text{ lowest}}{100} \times 100 \right) \\
 &+ 0.15 \left(\frac{\sum \text{R assignments}}{60} \times 100 \right) \\
 &(+0 \text{ to } 0.01 \text{ class and discussion forum participation})
 \end{aligned}$$

Letter grade assignment:

There will be *no rounding up* of scores.

B+	84 to < 88	A	91 to 100	A-	88 to < 91
C+	74 to < 77	B	80 to < 84	B-	77 to < 80
D+	64 to < 67	C	70 to < 74	C-	67 to < 70
E	< 55	D	60 to < 64	D-	55 to < 60

Final grades shown on e-Learning are not accurate because they do not account for the conditional weighing of exams.

To view the result of the letter grades to your GPA please visit the [UF Grade and Grading Policies](#).

COVID-19

In response to COVID-19, the following recommendations are in place to maintain your learning environment, to enhance the safety of our in-classroom interactions, and to further the health and safety of ourselves, our neighbors, and our loved ones.

- If you are not vaccinated, get vaccinated. Vaccines are readily available and have been demonstrated to be safe and effective against the COVID-19 virus. Visit [one.uf](#) for screening/testing and vaccination opportunities.
- If you are sick, stay home. Please call your primary care provider if you are ill and need immediate care or the UF Student Health Care Center at 352-392-1161 to be evaluated.
- Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work.

Make-up

Requirements for class attendance and make-up exams, assignments, and other work in this course as well as policies regarding absences, religious holidays, illness and student athletes are consistent with [UF Attendance Policies](#).

Additional make-up policy requirements

- Every effort should be made to complete the assignment/exam during the open period. Only extreme situations will warrant a makeup. Contact the instructor prior to the exam - as soon as you realize you will be unable to take the assignment/exam at the scheduled time. Each case will be reviewed individually. Valid and detailed documentation is a prerequisite for scheduling a makeup under such extenuating circumstances.
- If you have an emergency on the day of the assignment/exam, the instructor must be contacted by midnight of the day of the assignment/exam.
- Make-ups need to be scheduled within a week from the assignment deadline. Student is responsible for scheduling.
- Additional Note: Being on vacation or booking a trip prior to the completion of the semester is not a valid reason to request a makeup. Please reference the most recent [Academic Calendar](#).

Addressing Issues

Technical difficulties

Please contact the UF Help desk via e-Learning “Help” tab. Any requests for make-ups due to technical issues must be accompanied with appropriate documentation/proof including screenshots and communication with the help desk. You **MUST** contact your instructor within 24 hours of the technical difficulty if you wish to request a make-up.

Grievances/Commendations

Should you have any grievances or commendations with your experience in this course you can always address them to the instructor (anonymously) or to the Department of Statistics. For issues that are not satisfactorily resolved at the department level or which seem to be broader than one department, students are referred to the Office of the Ombuds.

UF and CLAS Policies

Dropping, Withdrawing and Incomplete

Dropping and Withdraw

For late course drops and course withdrawals check the [catalog](#).

Incomplete

An incomplete grade may be assigned at the discretion of the instructor as an interim grade for a course in which the student has completed a major portion of the course with a passing grade, been unable to complete course requirements before the end of the term because of extenuating circumstances, and obtained agreement from the instructor and arranged for resolution of the incomplete grade in the next term. Instructors are not required to assign incomplete grades. For complete details please visit [CLAS incomplete grade policy and contract](#).

Accommodating Students with Disabilities

Students requesting accommodation for disabilities must first register with the [Disability Resource Center \(DRC\)](#). The DRC will provide documentation to the students who must then provide this documentation to the instructor when requesting information. You must submit this documentation prior to submitting any assignments for which you are requesting accommodation.

U Matter, We Care

[U Matter, We Care](#), through the Dean of Student’s Office, offers care related resources and programs focused on health, safety, and holistic well-being.

Academic Misconduct

Students are held accountable to the [UF Student Honor and Conduct Code](#).

Evaluations

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

Tentative Course Outline

* Additional topics included

Modules	Content	Class notes	Textbook	Project/Quiz
1	Summary Statistics	1.1-1.2	3.4-3.5	1
	Graphical Summaries	1.3	3.3,3.6	
2	Sample Space, Events and Probability	2.1-2.2	4.2-4.3	2.1
	Conditional Probabilities and Independence	2.3	4.4-4.5	
	Random Variables: Properties (I)	2.4	4.6*	
	Random Variables: Properties (II)	2.4	4.6*, 4.10*	
	Random Variables: Properties (III)	2.4	*	2.2
	Random Variables: Common distributions	2.4	4.8(Bin.), 4.9-4.10	
	Central Limit Theorem	2.5	4.12-4.13	
	Normal Probability/Quantile Plot	2.6	4.14*	
Exam 1				
3	Inference for Population Mean: Confidence Intervals	3.1.1	5.2-5.3	3.1
	Inference on Population Mean: Hypothesis Tests	3.1.2	5.4	
	Inference on Population Proportion	3.2	10.2	
	Inference on Population Variance	3.3	7.2	3.2
	Distribution Free Inference (I)	3.4	5.9*	
4	Inference on Population Means: Confidence Intervals	4.1.1	6.2, 6.4, 10.3	4.1
	Inference on Population Means: Hypothesis Tests	4.1.2	6.2, 6.4, 10.3	
	Inference on Population Variances	4.2	7.3	
	Distribution Free Inference (II)	4.3	6.3*, 6.5*, 7.4	4.2
	Contingency Tables: Tests of Independence	4.4	10.5	
Exam 2				
5	Simple Linear Regression (I)	5.1.1-5.1.2	11.1-11.2	5.1
	Simple Linear Regression (II)	5.1.3-5.1.6	11.3-11.4	
	Checking Assumptions and Transforming Data	5.2	11.5*	
	Multiple Regression (I)	5.3.1-5.3.2	12.1-12.3	5.2
	Multiple Regression (II)	5.3.3	12.4-12.7	
	Qualitative Predictors	5.4	12.1*	
6	Completely Randomized Design (I)	6.1.1	14.1-14.2	6.1
	Completely Randomized Design (II)	6.1.2	14.5	
	Completely Randomized Design: Distribution Free	6.1.3	*	
	Randomized Block Design	6.2.1	15.1-15.2	6.2
	Randomized Block Design: Distribution Free	6.2.2	15.5	
Exam 3
