Introduction to Theoretical Statistics II
STA 6327
Spring 2020

</div>

Instructor: Kshitij Khare, 208 Griffin-Floyd Hall

Email: kdkhare@stat.ufl.edu

Class: MWF 9:35 am – 10:25 am, FLO 230

Instructor Office Hours: Monday and Wednesday 10:30 am – 11:30 am or by appointment

Course Web Page: https://people.clas.ufl.edu/kdkhare/introduction-to-theoretical-statistics-ii-sta-6327

Text: Your primary study material should be your lecture notes. As a reference, we will use the 2nd edition of Statistical Inference by Casella and Berger. We will cover selected topics from Chapter 5 to Chapter 10, along with additional material not in the book. A list of topics covered in class will be maintained on the course web page.

Homework: Homework is worth 10% of the final grade. No late homework will be accepted.

Exams: Three exams will each count for 30% of the final grade. The schedule for the exams will be announced in class.

Grading: The usual 10 point scale (90% for an A, 80% for a B, . . .) is tentatively adopted, but will most likely be loosened.

Policies: Students are responsible for all material covered in class. If you are absent, make arrangements with a classmate to borrow the notes and any handouts from them. Handouts will be distributed once and only once
